

TH-IV MEDICS

Lab testing

Revitalize the body, conquer chronic diseases, and recover from injuries
with the healing power of Integrative Medicine.

SOOKJAI WELLNESS
MEDICAL CLINIC

ABOUT US

ABOUT US

Welcome to TH-IV MEDICS, operating under Sookjai Wellness Clinic (สุขใจ เวลเนส คลินิกเวชกรรม) Located at Green Plaza, Ladprao, Bangkok, Thailand
License No. 10101059266

We provide premium, personalized IV drip therapy designed to support your unique health and wellness goals. Whether you seek rejuvenation, energy, immunity, or overall wellbeing, our tailored treatments help you feel your best.

Led by Dr. Nakorn Nuntasuksame, MD, our expert team ensures every treatment is safe, effective, and fully customized. Our skilled IV nurses deliver a comfortable, seamless experience from start to finish.

At TH-IV MEDICS, **your wellness journey has no limits—unlock your full potential with care created just for you.**

Nakorn Nuntasukasame MD.

Integrative medicine practitioner,
General medicine practitioner,
Family medicine practitioner

License No. 69059

Dr. Nakorn is certified in Thailand and recognized in Malaysia, with extensive expertise in integrative and anti-aging medicine. With a strong passion for preventive healthcare and wellness, he specializes in advanced therapies including IV vitamin therapy, stem cell therapy, homeopathy, and personalized nutrient optimization.

With years of clinical experience in diagnosing and treating a wide range of chronic and complex health conditions, Dr. Nakorn focuses on restoring balance, enhancing vitality, and supporting long-term health and longevity. Supported by a highly skilled medical team, he is committed to delivering safe, effective, and fully personalized medical care—ensuring every patient receives the highest standard of treatment and achieves optimal well-being.

232 FOOD INTOLERANCE TEST (IGG) (ALLERGY BLOOD TEST) : 19,900 THB

ALLERGY
SPECIFIC IGE
232
MARKERS

Measures your body's immune response (specifically, IgG antibodies) to 232 different foods. The presence of IgG antibodies can indicate a sensitivity or intolerance to certain foods, which could be causing chronic symptoms like headaches, bloating, skin problems, or digestive issues.

Test Method

ImmunoBlot principle with high sensitivity and specificity. Patients do not need to stop taking antihistamines. anti-histamine

Preparation before examination

- No need to withhold water and food or medication.
- Blood collection.

Food Intolerance Test details

Gluten containing cereals

- Wheat Flour
- Spelt Flour
- Rye Flour
- Oat Bran
- Gluten
- Barley Flour
- Durum Wheat Flour

Gluten free cereals and alternative foods

- Quinoa
- Rice
- Millet
- Corn
- Buckwheat flour
- Amaranth

GUT MICROBIOME

GUT HEALTH : 9,900 THB

Gut Microbiome

Get to know the *"good"* and *"bad" bacteria* in your gut for more precise health care.

Gut bacteria, also known as microbiota, are tiny organisms crucial for our health. They compose about 90% of our body cells, acting like the body's 33rd organ, vital for the proper functioning of various systems. Maintaining the right balance in terms of bacteria types, quantities, and diversity is essential.

WHY SHOULD WE CHECK GUT BACTERIA ?

- **Health Insights:** Learn about the balance and diversity of your gut bacteria, which can significantly impact your overall health.
- **Food Harmony:** Discover the right foods to support a healthy gut.
- **Disease Risks:** Understand how gut bacteria can affect conditions like obesity, irritable bowel syndrome, and more.
- **Advanced Technology:** We use next-generation sequencing to analyze your gut bacteria.
- **Easy-to-Read Reports:** Receive clear results and explanations.
- **Personalized Advice:** Get tailored recommendations for diet and lifestyle.

Perfect for anyone looking to improve their health.
No fasting is required for sample collection.
